

Consequences of our Unified Science (an overview)

1. Our observable Universe has originated in the **Universal Creative Potential**.
2. The universal building blocks of our Universe are **nanoparticles**.
3. Our Universe is an energetically bound **Cosmic Hierarchy** of different objects.
4. The dynamics of our Cosmic Hierarchy is based on the **Golden Rule**.
5. The single fundamental interaction of Nature is an **energy transfer**.
6. Einsteinian **speed of light** IS NOT a constant of Nature.
7. **Electrodynamics** IS NOT an independent description of Nature.
8. **Gravity** IS NOT a fundamental interaction of Nature.
9. **Milky Way** IS NOT a galaxy at all.
10. **Large Magellan Cloud** is our “grandmother” galaxy.
11. **Venus** stays at the **center of mass** of our Solar System.
12. **Origin of life** IS NOT a long ago closed story.
13. The **basic forms of life** is a universal quantum phenomenon.
14. The permanent origin of our **terrestrial life** is our **tropopause**.
15. An evolution to **higher developed organisms** IS NOT an obligatory process.
16. Our own Species IS NOT a **purpose of the evolution** of life.
17. The **length of a day** was ever approximately constant.
18. The average Earth’s surface **temperature is growing** since the Moon formation.
19. The **oceans** on Earth are not older than **700-800 million years**.
20. Our Genus is a direct offspring of the **Genus *Homo sapiens Neanderthalensis***.
21. **Our modern Species is only 6739 years old**.
22. **Quantum Spectrum of Matter-Spirit** describes the whole of life.
23. The definition of **nuclear and quarks quanta** don’t demand any nuclear force.
24. **Brain matter-spirit quanta** consist of hundreds of neurons.
25. **Superbrain** matter-spirit quanta are responsible for **our consciousness**.
26. Our **souls** are our **original beings** creating our bodies and our minds.
